

Product Information

pébéo

prima 
magic

**Non mixable
children's gouache**

Colours and sizes:

- 12 classic colours
- 2 metallic colours
- 5 pearlescent colours
- In jars of 150ml, 250ml, 500ml and 1 L and in activity kits

Properties:

- Colours: Vivid and bright colours do not diffuse into one another as they are mixed, to allow different magical effects.
- Thinner: Water, but using water will cause a loss of brightness, or Medium Magic Glue.
- Brush cleaning: soapy water
- For children 3 years and older under adult supervision
- The CE marking indicates a compliance with the requirements of the European directive on toy safety.

Application:

Prima Magic is a Gouache that can be applied to paper, cardboard, bristol board, plastic ... Apply using a paint brush, stamps, foam roller from Pébéo's children range. It must be stirred well before use to well homogenize.

Prima Magic is perfect for:

- The folding technique
- The balloon technique (dip the balloon in multiple colours before stamping the surface)
- And the star technique (create by layering different colours on the desired surface, then using a popsicle stick pull the colours to create a star shape).

It can also be used like the classic Gouache paint.

► **Magic Glue:**

Glue all types of material such as paper, cardboard, paper mâché, wood, etc. Renders a bright, flexible and transparent film.

In Small quantity, mixes well with the Prima Magic colours to dilute the tint.

In large quantities, will provide a bright translucent colour like Arti'stick.

Easy to remove on most smooth surfaces after drying for 24 hours.

Recommendations:

This information provided is indicative. It is always advisable to prior tests on the desired surface before starting the project.
